– A Startup Story

-Likhith.H.N

What's Tech@10?

Tech@10 is new platform for the budding engineers to learn skills like

- Programming in different languages
- Developing apps
- Developing websites
- Embedded electronics
- IOT

Tech@10 was started with the only goal of teaching the budding engineers, have them moving towards their destination and improving our knowledge in the course of teaching. Our motto is **"WE TEACH TO LEARN"**.
